A subsidiary of Earl Industries LLC

Suffolk, Va. – EchoStorm Worldwide LLC recently joined Raytheon Company and their EAGLE (Enterprise, Acquisition, Gateway for Leading Edge Solutions) Team to fulfill a multi-year, multiple award contract – a contract with an overall ceiling value of \$45 billion.

EAGLE is a Department of Homeland Security (DHS) indefinite delivery-indefinite quantity (IDIQ) contract. The five-year, IDIQ contract was awarded in May to support the management and oversight of DHS information technology (IT) acquisitions.

“We expect this business arrangement to strengthen EchoStorm’s existing relationship among the various organizations within DHS,” said Hal Blackiston, EchoStorm’s Senior Vice President. “It will also be another great opportunity for us to further showcase our pioneering video and data management technology.”

Blackiston added that this new arrangement will help EchoStorm to examine and develop synergies among various Department of Defense, federal, and commercial entities that use or are targeted to use EchoStorm technology. “By joining the Raytheon EAGLE Team, EchoStorm now has a contract vehicle to deliver its technology to DHS and support IT integration efforts,” said Blackiston.

# EchoStorm Worldwide™

*Video and Data Management Technology*

**EchoStorm Worldwide LLC** is the global leader in innovative video and data management technology for military, government, and commercial applications. A subsidiary of Earl Industries LLC, EchoStorm Worldwide LLC is headquartered in Suffolk, Va.
