**Raytheon Teams with EchoStorm and Other Companies
to Provide Counter-Narcoterrorism Programs and Operations Support**

Suffolk, Va. – Raytheon Technical Services Company (RTSC) LLC, a subsidiary of Raytheon Company, has received a contract with a **ceiling value of \$15 Billion across all Task Orders** to provide equipment, material, and services in support of the Department of Defense (DoD) Counter-Narcoterrorism Technology Program Office (CNTPO). The five-year, indefinite delivery-indefinite quantity (IDIQ) contract begins August 24, 2007, and ends August 23, 2012.

Under terms of the contract, RTSC may provide support to CNTPO in three areas: technology development and application; training, operations and logistics support; and professional and executive support. CNTPO is located at the Naval Surface Warfare Center in Dahlgren, Va.

RTSC, as prime contractor for the contract, has teamed with EchoStorm, EG&G – a division of URS – Battelle, and others. The team will offer CNTPO a comprehensive capability to produce innovative solutions, provide responsive support, and experienced management committed to the CNTPO mission worldwide.

“CNTPO is actively engaged in providing technology and services to meet the immediate and emerging needs of the Combatant Commanders and others involved in interagency and multinational operations to disrupt, deter and deny narcoterrorist and illegal drug activities,” said Tom Arnsmeier, Raytheon’s Vice President of the Homeland Security Solutions product line. “Raytheon is commit-

ted to providing the right solutions to CNTPO in this critical mission of supporting the DoD, other government agencies, and partner nations.”

RTSC provides technology solutions for defense, federal and commercial customers worldwide. It specializes in mission support, counter-proliferation and counter-terrorism, homeland security solutions, base and range operations, and customized engineering and manufacturing.
